Conditions Applied for plan 01 to Plan 05

General Conditions

- Above mentioned packages are available for all Consumer and Enterprise customers.
- Above plans 1-5 will be recurring monthly plans
- Customers who subscribe to Plans 1-5 can carry forward any unused Anytime Data to the next billing cycle, subject to a maximum rollover period of one (01) billing cycle. Any unused rollover data remaining after the subsequent billing cycle will expire automatically.

- Subscribers of Plans 1-5 are eligible for the Friends & Family discount. A friends & family group consisting of two (02) or more members subscribing to the aforementioned plans can be formed. The entire group will receive a monthly rental discount based on the number of active members, as follows.

Number of Active Members	Monthly Rental Discount (Applicable to All Members)
2 Members	5%
3-4 Members	8%
5 or More Members	10%

Subscribers of plans 2-5 can purchase up to 4 supplementary lines which are priced as follows.

Plan Name	**Plan 02**	**Plan 03**	**Plan 04**	**Plan 05**
Maximum no of Supplementary line	1	2	4	4
Price per supplementary line – Excl. Tax	Rs. 700			
Benefits per supplementary line				
Voice mins	Unlimited Any Net			
GBs	15 GB			

*GBs in the supplementary line will be added to the GBs in the primary line as a data pool which can be shared between the supplementary and primary line.

****App Bundle**

- When the App Bundle (GB) is exhausted, the data consumption for those apps will be consumed from the Anytime Bundle (GB)
- Only the web versions of the offered applications are allowed to be utilized from the App Bundle. Mobile Applications of the said applications are not applicable to be utilized from the App Bundle.
- Data Quota Utilization would be optimized to SD Quality

Conditions applied to new Connections for Consumer

- The maximum connection count per NIC is governed by existing standard regulations, which allow up to a maximum of five connection per NIC for Individual.
- Subscriber application form to be filled with customer data and customer must sign the application in his own (application can be a physical application or a digital application filled and signed digitally)

- It is mandatory to produce valid NIC/Driving License. And a Billing proof when the billing address is different from the address mentioned in the NIC to get the connection for Individual new connections.

Conditions applied to new connections for Enterprise

- Connections to be issued under Business Registration Certificate of the business entity or Government Act
- Copy of Business Registration Certificate need to be included with the applications submitted.
- Deposits are not applicable for connections issued to enterprise and government entities.

Conditions applied to Existing customers migrating to New Packages

- Package changes from other postpaid packages to proposed postpaid packages are allowed, subjected to meeting deposit criteria for the new post-paid packages. However, customers who are on the network for more than 03 years are not required to pay or increase the deposit for the required levels of the proposed package.

Voice & DATA Bundle related conditions

- A charge of Rs. 1.50 + applicable taxes per local any – net voice minute will apply for usage exceeding the included any- net voice bundle.
- A charge of Rs. 0.20 + applicable taxes per local SMS will apply for usage exceeding the included any – net SMS bundle.
- If the Anytime Data Bundle is fully exhausted, an overage charge of Rs0.30+ Applicable Taxes per MB (billed in 10 KB blocks) will apply for data usage beyond the included bundle.

Mobile Broadband Speeds

Average Network Speed	
Uplink Speed	**Downlink Speed**
1.5Mbps	**4Mbps**
#. Due to the inherent nature of wireless technologies, the actual user experience may vary from the stated average network speeds. This variation can be attributed to factors such as radio conditions, geographical features, distance, path loss, time of use (peak or off-peak), spectrum capabilities, network configurations, the device used, and external influences. Additionally, the network deployment decisions are influenced by the business viability considerations of the operator.	

Definition – Local Network*

- Voice calls and SMSs to premium Short Codes used for paid services, SLT and Mobitel call center numbers are excluded from the allocated Any Net Local Voice Minute Bundle of Voice to any local network and the Any Net SMS bundle to any local network. These Short Codes / Numbers may change from time to time.
