

## SCHEDULE

In Condition 9 of Schedule 3 shall be amended as follows.

1. Condition 9 of the Licence is hereby amended by the insertion of the following sub-conditions immediately after sub-condition 9.1:
  - 9.2 The Operator shall comply with the digital broadcasting standards and technical specifications prescribed or approved by the Commission from time to time, including any amendments or revisions thereto, in order to ensure signal quality, interoperability, and the uninterrupted and reliable provision of service to subscribers.
  - 9.3 The Operator shall establish and sustain a fully digital infrastructure at the subscriber end, incorporating all customer-premises equipment (CPE). The digital infrastructure shall encompass, without limitation, digital set-top boxes (STB) and other interoperable devices compliant with applicable technical specifications.
  - 9.4 The Operator shall implement and maintain a system for monitoring and maintenance including logging signal leakage and measuring other technical parameters as required by the Commission. This includes maintaining records of all monitoring activities and any corrective actions taken.
2. Sub conditions 9.2 and 9.3 of the existing license, shall be read as 9.5 and 9.6 of condition 9.
