#### Notes:

- [1]. Subscriber can use the 4G quota only when he/she is latched to the 4G network
- [2]. Prepaid customer can activate the data plan via Dialog Selfcare app, Dialog website, direct reload via Bank / Ez cash, SMS / USSD activation
- [3]. Post-paid plans are activated as auto renewal monthly rental plans whereas Prepaid plans activated as one-time sachets
- [4]. Post-paid customers are provided with the opportunity to activate below data extensions on their preference when the package data quota is fully consumed.

These can be activated via Dialog Selfcare app, Dialog website or SMS

|                             |                         |     |     |       |       |
