#### Notes

1. Recurrent packages will be activated on a daily/weekly/monthly rental model. When the customer initially subscribes for the service the plan will be auto renewed when the validity period is over and if sufficient recharge balance is available. The customer has the option of purchasing the same plans as one-time activations when the allocated quota for the package is exhausted during the validity period.
2. One-time sachets.
3. Voice service will be activated on request for no additional rental. Voice calls will be charged @ LKR 0.03 per second for both on-net & off-net
4. New Home Broadband Prepaid Customer can purchase the device as a trading item and activate a connection with above plans at a zero connection fee.
